 <p>How to play IQ? Puzzle Game 1 Place the 11 pieces on the board. 2 Remove the center hole-eyes. 3 Each move must be a push, either in a horizontal or vertical direction and the piece must be pushed or removed from the board. 4 Displaced finger or pieces without pushing are not allowed. Object is to remove from the board all but one piece and that piece must finish in the center hole which was left open at the start of the game. Success (Object is to get in order pieces all the board as possible): 4 left ----- Good 3 left ----- Better 2 left ----- Really Clever 1 left ----- A Genius 0 left ----- Take a Cheap Bow 1 left on the center hole is a Perfect Score</p>
